Sugar Mills in Private, Public and Cooperative Sector

493. SHRI SANJAY DALMIA: Will the Miivstcr of FOOD AND CONSUMER AFFAIRS be pleased to state:

(a) the names of locations of sugar mills in private, public and cooperative sectors, State-wise;

(b) whether these sugar mills are having sufficient production in relation to their capacity;

(c) if not, the reasons therefor;

(d) whether Government have received proposals from various States to issue Letters of Intent to set up more sugar mills in the States;

(e) if so, the details thereof and the action taken by Government thereon; and

(f) the steps taken by Govenrment to assist the loss making units?

THE MINISTER OF STATE OF THE MINISTRY OF FOOD AND CONSUMER AFFAIRS SHRI' RAGHUBANS PRASAD SINGH): (a) A statement showing the State-wise, sector-wise, names and locations of the installed sugar mills in the country is at Annexure. *[See* Appendix 181, Annexure No. 17].

(b) and (c) As on 30.6.97, the installed capacity of sugar manufacturing units was 134 lakh tonnes. The capacity already licensed, on the other hand, is of the order of 271.4 lakh tonnes. The actual production of sugar, however, rests not only on the installed capacity but on the days it is utilised, and the availability of sugarcane, which in turn depends upon the crop condition, the efforts made by the mills to develop sugarcane in their area & the extent of diversion of sugarcane for jaggery & khandsari. While the production of sugar in the current season is still going on in some sugar mills, it was 164.29 lakh tonnes during the 1995-96 season.

(d) and (e) From December, 1995 onwards, when the work of issuance of letters of intent was resumed, in all, 105 letters of intent have been issued for establishment of new sugar factories. As on 30.6.97, 150 proposals received from applicant entrepreneurs from various States are under consideration. Details are in Annexurc-II. *(See* below) A final decision in these cases is yet to be taken
